**In the Matter of
The Securities Legislation of
Manitoba and Ontario (the "Jurisdictions")**

And

**In the Matter of
the Process for Exemptive Relief Applications in Multiple Jurisdictions**

And

**In the Matter of
Artis Real Estate Investment Trust (the "Issuer")**

And

Canaccord Genuity Corp. (the "Agent" and, together with the Issuer, the "Filers")

DECISION

Background

The securities regulatory authority or regulator in each of the Jurisdictions ("**Decision Makers**") has received an application (the "**Application**") from the Filers for a decision under the securities legislation of the Jurisdictions (the "**Legislation**") for the following exemptive relief (the "**Exemptive Relief**"):

(a) that the requirement that a dealer, not acting as agent of the purchaser, who receives an order or subscription for a security offered in a distribution to which the prospectus requirement applies send or deliver to the purchaser or its agent the latest prospectus (including the applicable prospectus supplement(s) in the case of a base shelf prospectus) and any amendment to the prospectus (the "**Delivery Requirement**") does not apply to the Agent or any other Toronto Stock Exchange ("**TSX**") participating organization or other marketplace participant acting as selling agent for the Agent (each such other organization or other marketplace participant, a "**Selling Agent**") in connection with any at-the-market distributions ("**ATM Distributions**") within the meaning of National Instrument 44-102 *Shelf Distributions* ("**NI 44-102**") made by the Issuer pursuant to the equity distribution agreement (the "**Equity Distribution Agreement**") between the Issuer and the Agent; and

(b) that the requirements that (i) a forward-looking issuer certificate included in a prospectus supplement be in a form specified in Appendix A to NI 44-102 and (ii) a statement concerning purchasers' statutory rights of withdrawal and remedies for rescission or damages be included in a short form prospectus in substantially the form prescribed in Item 20 of Form 44-101F1 *Short Form Prospectus* (such prescribed statement, the "**Statement of Purchasers' Rights**") (collectively, the "**Form Requirements**") do not apply to the prospectus supplement of the Issuer to be filed in respect of the sale of trust units ("**Units**") of Artis pursuant to ATM Distributions under the Equity Distribution Agreement (the "**Prospectus Supplement**"),

provided that the alternative form of certificate and disclosure regarding a purchaser's statutory rights described below are included in the Prospectus Supplement.

Furthermore, the Decision Makers have received a request from the Filers for a decision that the application and this decision be kept confidential and not made public until the earlier of (i) the date on which the Issuer and the Agent enter into the Equity Distribution Agreement, (ii) the date on which the Filers advise the Decision Makers that there is no longer any need for the Application and this decision to remain confidential, or (iii) the date that is 90 days after the date of this decision (the "Confidentiality Sought").

Under the Process for Exemptive Relief Applications in Multiple Jurisdictions (for a dual application):

- (a) The Manitoba Securities Commission is the principal regulator for this application,
- (b) the Filers have provided notice that section 4.7(1) of Multilateral Instrument 11-102 *Passport System* ("**MI 11-102**") is intended to be relied upon in British Columbia, Alberta, Saskatchewan, Quebec, New Brunswick, Nova Scotia, Prince Edward Island, Newfoundland, the Northwest Territories, Nunavut and the Yukon Territory, and
- (c) the decision is the decision of the principal regulator and evidences the decision of the securities regulatory authority or regulator in Ontario.

Interpretation

Terms defined in National Instrument 14-101 *Definitions* and MI 11-102 have the same meaning if used in this decision, unless otherwise defined in this decision.

Representations

This decision is based on the following facts represented by the Filers:

Artis Real Estate Investment Trust

1. The Issuer is an unincorporated real estate investment trust constituted under and governed by the laws of the Province of Manitoba. The head office of the Issuer is located in Winnipeg, Manitoba.
2. The Issuer is currently a reporting issuer or the equivalent under the securities legislation of each of the provinces and territories of Canada and is not in default of its obligations as a reporting issuer under such legislation.
3. The Units and four series of convertible debentures of Artis are listed on the TSX.
4. The Issuer has previously filed and received a receipt under the Legislation for a short form base shelf prospectus dated August 19, 2010 providing for the distribution from time to time of

Units, preferred trust units, debt securities, warrants and subscription receipts in an aggregate initial offering price of up to \$750,000,000 (the "**Shelf Prospectus**"). The Shelf Prospectus constitutes an "unallocated shelf" within the meaning of Part 3 of NI 44-102.

5. The Shelf Prospectus includes a forward-looking issuer certificate of the Issuer in the form prescribed by method 1 as set forth in section 1.1 of Appendix A to NI 44-102. The Shelf Prospectus also includes a Statement of Purchasers' Rights in substantially the form prescribed in Item 20 of Form 44-101F1.

Canaccord Genuity Corp.

6. The Agent is a corporation incorporated under the laws of the Province of British Columbia with its head office in Vancouver, British Columbia.

7. The Agent is registered as an investment dealer under the securities legislation of each of the provinces and territories of Canada, is a member of the Investment Industry Regulatory Organization of Canada, and is a participating organization of the TSX.

Proposed ATM Distribution Arrangement

8. Subject to mutual agreement on terms and conditions, the Issuer proposes to enter into the Equity Distribution Agreement with the Agent providing for periodic sale of Units by the Issuer through the Agent, as agent, pursuant to ATM Distributions under the shelf procedures prescribed by Part 9 of NI 44-102.

9. Prior to making any ATM Distributions, the Issuer will have filed the Prospectus Supplement to qualify the sale of Units under the Equity Distribution Agreement in each of the provinces and territories of Canada, which will describe the Equity Distribution Agreement and otherwise supplement the disclosure in the Shelf Prospectus.

10. If the Equity Distribution Agreement is entered into, the Issuer will issue a news release to announce the same and will file a copy of the agreement on SEDAR. The news release will indicate that the Shelf Prospectus and the Prospectus Supplement have been filed on SEDAR, and will specify where and how purchasers may obtain copies. A copy of the news release will also be posted on the Issuer's website. The news release will serve as the news release contemplated by section 3.2 of NI 44-102 for an expected distribution of equity securities under an unallocated shelf.

11. The Equity Distribution Agreement will limit the number of Units that the Issuer may issue and sell pursuant to any ATM Distribution thereunder to an amount not to exceed 10% of the aggregate market value of the outstanding Units calculated in accordance with section 9.2 of NI 44-102.

12. The Issuer will sell Units in Canada through methods constituting ATM Distributions, including sales made on the TSX or any other Canadian "marketplace" within the meaning of National Instrument 21-101 - Marketplace Operation upon which the Units are listed or quoted

or otherwise traded (a "**Marketplace**"), through the Agent, as agent, directly or through a Selling Agent.

13. The Agent will act as the sole agent on behalf of the Issuer in connection with the sale of Units on the TSX or another Marketplace pursuant to the Equity Distribution Agreement, and will be the only person or company paid an agency fee or commission by the Issuer in connection with such sales. The Agent will sign an underwriter's certificate in the Prospectus Supplement.

14. The Agent will effect ATM Distributions on the TSX or another Marketplace, either itself or through a Selling Agent. If sales are effected through a Selling Agent, the Selling Agent will be paid a customary seller's commission for effecting the trades. A purchaser's rights and remedies under the Legislation against the Agent, as underwriter of an ATM Distribution through the TSX or another Marketplace, will not be affected by a decision to effect the sale directly or through a Selling Agent.

15. The number of Units sold on the TSX pursuant to an ATM Distribution on any trading day will not exceed 25% of the trading volume of the Units on the TSX on that day.

16. The Equity Distribution Agreement will provide that, at the time of each sale of Units pursuant to an ATM Distribution, the Issuer will represent to the Agent that the Shelf Prospectus, as supplemented by the Prospectus Supplement and any subsequent amendment or supplement to the Shelf Prospectus or the Prospectus Supplement (together, the "**Prospectus**"), contains full, true and plain disclosure of all material facts relating to the Issuer and the Units being distributed. The Issuer will therefore be unable to proceed with sales pursuant to an ATM Distribution when it is in possession of undisclosed information that would constitute a material fact or a material change in respect of the Units.

17. If after the Issuer delivers a notice to the Agent directing the Agent to sell Units on the Issuer's behalf pursuant to the Equity Distribution Agreement (a "**Sell Notice**"), the sale of the Units specified in the Sell Notice, taking into consideration prior sales, would constitute a material fact or material change, the Issuer would be required to suspend sales under the Equity Distribution Agreement until either (i) it had filed a material change report or amended the Prospectus, or (ii) circumstances had changed so that the sales would no longer constitute a material fact or material change.

18. In determining whether the sale of the number of Units specified in a Sell Notice would constitute a material fact or material change, the Issuer will take into account a number of factors, including, without limitation (i) the parameters of the Sell Notice, including the number of Units proposed to be sold and any price or timing restrictions that the Issuer may impose with respect to the particular ATM Distribution, (ii) the percentage of outstanding Units that the number of Units proposed to be sold pursuant to the Sell Notice represents, (iii) trading volume and volatility of the Units, (iv) recent developments in the business, affairs and capital structure of the Issuer, and (v) prevailing market conditions generally.

19. The Agent will monitor closely the market's reaction to trades made on the TSX or another Marketplace pursuant to an ATM Distribution in order to evaluate the likely market impact of future trades. The Agent has experience and expertise in managing sell orders to limit downward pressure on trading prices. If the Agent has concerns as to whether a particular sell order placed by the Issuer may have a significant effect on the market price of the Units, the Agent will recommend against effecting the trade at that time. It is in the interest of both the Issuer and the Agent to minimize the market impact of sales under an ATM Distribution.

20. The underwriter's certificate to be signed by the Agent and included in the Prospectus Supplement will be in the form specified in section 2.2 of Appendix B to NI 44-102.

Disclosure of Units Sold

21. For each month during which Units are distributed on the TSX or another Marketplace by the Issuer pursuant to ATM Distributions under the Prospectus, the Issuer will file on SEDAR a report disclosing the number and average price of Units so distributed during that month, as well as total gross proceeds, commission and net proceeds, within seven calendar days after the end of such month.

22. The Issuer will also disclose the number and average price of Units sold pursuant to ATM Distributions under the Prospectus, as well as total gross proceeds, commission and net proceeds, in the ordinary course in its annual and interim financial statements and management discussion and analysis filed on SEDAR.

Prospectus Delivery Requirement

23. Pursuant to the Delivery Requirement, a dealer effecting a trade of Units on behalf of the Issuer as part of an ATM Distribution is required to deliver a copy of the prospectus (including the applicable prospectus supplement(s) in the case of a base shelf prospectus) to the purchaser within prescribed time limits.

24. The delivery of a prospectus is not practicable in the circumstances of an ATM Distribution as the Agent or Selling Agent, as applicable, effecting the trade will not know the purchaser's identity.

25. Although purchasers under an ATM Distribution would not physically receive a printed prospectus, the Shelf Prospectus and the Prospectus Supplement (together with all documents incorporated by reference) will be filed and readily available to all purchasers electronically via SEDAR. Moreover, the Issuer will issue a news release that specifies where and how copies of the Shelf Prospectus and the Prospectus Supplement can be obtained.

26. The liability of an issuer or an underwriter (and others) for misrepresentation in a prospectus pursuant to the civil liability provisions of the Legislation will not be affected by the grant of an exemption from the Delivery Requirement, as a purchaser of the securities offered by a prospectus during the period of distribution has a right of action for damages or recession

without regard as to whether the purchaser relied on the misrepresentation or in fact received a copy of the prospectus.

Withdrawal Right

27. Pursuant to the Legislation, an agreement to purchase securities is not binding on the purchaser if a dealer receives, not later than midnight on the second day exclusive of Saturdays, Sundays and holidays, after receipt by the purchaser of the latest prospectus or any amendment to the prospectus, a notice in writing that the purchaser does not intend to be bound by the agreement of purchaser (the "**Withdrawal Right**").

28. The Withdrawal Right is not workable in the context of an ATM Distribution because a prospectus will not be delivered to a purchaser of Units thereunder.

Right of Action for Non-Delivery

29. Pursuant to the Legislation, a purchaser of a security to whom a prospectus was required to be sent or delivered in compliance with the Delivery Requirement, but was not so sent or delivered, has a right of action for rescission or damages against the dealer who did not comply with the Delivery Requirement (the "**Right of Action for Non-Delivery**").

30. The Right of Action for Non-Delivery is not workable in the context of an ATM Distribution because a prospectus will not be delivered to a purchaser of Units thereunder.

Prospectus Form Requirements

31. Exemptive relief from the Form Requirements is required with respect to the Issuer's forward looking certificate in the Prospectus Supplement to reflect that no pricing supplement will be filed subsequent to the Prospectus Supplement. Accordingly, the Issuer will file the Prospectus Supplement with the following forward-looking issuer certificate which will supersede and replace, solely as regards to ATM Distributions contemplated by the Prospectus Supplement, the forward-looking issuer certificate contained in the Shelf Prospectus:

This short form prospectus, as supplemented by the foregoing, together with the documents incorporated in this prospectus by reference as of the date of a particular distribution of securities offered by this prospectus, will, as of that date, constitute full, true and plain disclosure of all material facts relating to the securities offered by this prospectus, as required by the securities legislation of each of the provinces and territories of Canada.

32. Exemptive relief from the Form Requirements is required to reflect the relief from the Delivery Requirement. Accordingly, the Issuer will include the following language in the Prospectus Supplement in replacement of the language prescribed by the Form Requirements:

Securities legislation in certain of the provinces and territories of Canada provides purchasers with the right to withdraw from an agreement to purchase securities and with remedies for rescission or, in some jurisdictions, revision of the price, or damages if the prospectus, prospectus supplements relating to securities

purchased by a purchaser and any amendment are not delivered to the purchaser, provided that the remedies are exercised by the purchaser within the time limit prescribed by securities legislation. However, purchasers of Units under an at-the-market distribution by the Issuer will not have the right to withdraw from an agreement to purchase the Units and will not have remedies for rescission or, in some jurisdictions, revision of the price, or damages for non-delivery, because the prospectus, prospectus supplements relating to securities purchased by a purchaser and any amendment will not be delivered as permitted under a decision dated ?, 2010 and granted pursuant to National Policy 11-203 *Process for Exemptive Relief Applications in Multiple Jurisdictions*.

Securities legislation in certain of the provinces and territories of Canada also provides purchasers with remedies for rescission or, in some jurisdictions, revision of the price, or damages if the prospectus, prospectus supplements relating to securities purchased by a purchaser and any amendment contain a misrepresentation, provided that the remedies are exercised by the purchaser within the time limit prescribed by securities legislation. Any remedies under securities legislation that a purchaser of Units under an at-the-market distribution by the Issuer may have against the Issuer or the Agent for rescission or, in some jurisdictions, revision of the price, or damages if the prospectus, prospectus supplements relating to the Units purchased by a purchaser and any amendment contain a misrepresentation remain unaffected by the non-delivery and the decision referred to above.

Purchasers should refer to the applicable provisions of the securities legislation and the decision referred to above for the particulars of their rights or consult with a legal advisor.

33. The modified disclosure of purchasers' rights set forth in paragraph 32 above will be explicitly disclosed in the Prospectus Supplement and, solely as regards to ATM Distributions contemplated by the Prospectus Supplement, supersede and replace the statement of purchasers' rights contained in the Shelf Prospectus.

Decision

Each of the Decision Makers is satisfied that the decision meets the test set out in the Legislation for the Decision Maker to make the decision.

The decision of the Decision Makers under the Legislation is that the Exemptive Relief is granted provided that:

- (a) as it relates to the Delivery Requirement, the representations made in sections 10, 12, 13, 14, 15, 16, 17 and 19 are complied with;
- (b) as it relates to the Form Requirements, the disclosure described in sections 21, 31, 32 and 33 is made; and

(c) this decision will terminate 25 months after the issuance of a receipt for the Shelf Prospectus under the Legislation.

Furthermore, the decision of the Decision Makers is that the Confidentiality Sought is granted.
